

## **New Hampshire Department of Health and Human Services After Hours Remote-In Services**

---

### **ADDENDUM #3**

On December 6, 2017, the New Hampshire Department of Health and Human Services published a Request For Bids (RFB), requesting bids from vendors who are qualified to review and approve remotely all medications prescribed by physicians prior to such medications being administered to patients at New Hampshire Hospital, during non-business hours.

**Pursuant to Section 7.4, Award Consideration, Subsection 7.4.2 of RFB-2018-NHH-02-PHARM, the Department hereby cancels this RFB. Should the Department issue a new procurement request for the same services as described in RFB-2018-NHH-02-PHARM, potential applicants will be notified via the same process as the previous RFB.**
